Report No: 2112/D8674/18/FA FA-001470-IC

---

#### FORMULATION ASSESSMENT

##### Biosolve Enzymatic

The supplier recommended the formulation to be used in diluted form ( $\leq 2\%$ ). The concentrated product is considered to be **not hazardous**. The H- and P-phrases as contained in SANS 10234 shall be noted and the requirements of SANS 1828: 2017 edition 2.1, clause 8.2 a-I.

The formulation was found to comply with the requirements of SANS 1828, with the provision that a caution appears on the label of the product to the following effects

GHS pictogram:           None  
Signal word:             Warning

##### Hazard statement:

H320                      Causes eye irritation

##### Precautionary statements:

P102                      Keep out of reach of children

P264                      Wash ...thoroughly after handling (manufacturer/supplier or the competent authority to specify parts of the body to be washed after handling)

P305+P351+P338       IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

P337+P313               If eye irritation persists: Get medical advice/attention
